

November 22, 2011

Congratulations 1<sup>st</sup> grade!!! You all were awesome in the Thanksgiving Day Play today! Thank you for your hard work in learning the songs and all your lines. You made us very proud! And a big thank you to the parents for getting together all of their wonderful costumes!

For Social Studies in December, we are going to begin traveling around the world and visiting different countries. Every destination will be a surprise for the children. They will even have a passport that will allow them to visit each country!

In Math, we will begin subtraction during the month of December. We will also continue to work on word problems to reinforce what they have already learned.

The fieldtrip to the Air and Space Museum is scheduled for December 7<sup>th</sup>. This should be a lot of fun as well as educational for the children.

We will begin practicing for our school Christmas Play as soon as we return. This will take place during their scheduled music class time.

Our Warm and Fuzzy jar is nearly full and we are looking forward to some extra recess very soon! Charlie Cheetah has begun to earn his new spots. This time we are shooting for 30 spots! Come on 1<sup>st</sup> graders...you can do it!!!

Warm Regards,

Annamaria and Maren
