

# LINTON HALL SCHOOL

## TRADITION COMMUNITY ACHIEVEMENT

---

Dear Parents,

It is hard to believe that it is time for the 2026-2027 re-application process. Preceding this process, the Linton Hall School Board focused primarily on the important topic of teacher salaries and academic programs at the November meeting. Retaining our effective teachers is the core component to continue providing a superior academic program to our students. As such, the Board's first priority is to reward the teachers for their commitment and hard work in the form of a salary increase and other areas of support.

We value each teacher of our extraordinary Linton Hall School team. The exceptional teachers who teach all of your children make a personal and financial sacrifice to work here at LHS. As a way to combat a nation-wide teacher shortage, we are working hard to retain our extraordinary teachers into the new school year and engage and attract qualified and experienced teachers for open positions as needed. We are also striving to collaborate with our nearby college programs to enhance teacher training and development along with providing partnerships for student teacher experiences.

In order to continue providing the high-quality education, safe and supportive environment, and enriching program your child deserves, there will be a tuition increase for the new school year. The tuition increase for the 2026-2027 school year will allow us to maintain excellent staff, enhance resources for all students, and ensure our school continues to grow in ways that benefit each student. We do understand that any increase is meaningful, and we are committed to keeping our tuition as accessible and reasonable as possible. If you have any questions or concerns that impact your family, we encourage you to reach out to discuss your situation as our goal is to retain each family already in our community!
