

Meet The Teacher

"Mrs. Johnson"

About Me

Mrs. Johnson joined the Linton Hall School community in 2020, initially serving as a Kindergarten teacher before transitioning into her current role as the Upper School Science and Math teacher. She holds a Bachelor of Science degree in Biology with a minor in Applied Conservation from George Mason University.

Mrs. Johnson truly cares for her students and strives to provide compassion and understanding to each child throughout the day. Whatever a child needs from a support perspective, she is always happy to provide. She takes time to build trusting relationships with her students and works hard to ensure every child feels seen, valued, and supported in her classroom.
