

Marie Warcholak

Ms. Warcholak joined the Linton Hall School staff as a substitute in 2024 and has since expanded her role to include supporting our Extended Day program. Her background as a dedicated public servant, with experience in the public school system as well as educating youth in religious education and the importance of faith, has served her well in her position with us.

Ms. Warcholak truly cares about the academic, emotional, social, and spiritual development of all children at Linton Hall School. Her warm smile and compassionate nature are evident in her daily interactions with both students and staff.
