

We are a FAMILY!

Let us help you find your “talent” to share!

Volunteers are the heart and soul of our school and allow us to create a magical program that will foster self-confidence, independence, a love of God, and a life-long love of learning.

Volunteering is a great way to **CONNECT**... interact with staff and other parents, develop friendships, and get a first-hand understanding of the daily “magic” in our school. With everyone working **TOGETHER**, we hope to create a year filled with many wonderful opportunities. What a positive message to share with your kids that you take an interest and support their education and that family members work together.

We recognize that everyone’s lives are busy and time is valuable so we pray that many helping hands and hearts will make light work for all.

We truly can’t do it without you!!

VOLUNTEERS NEEDED

It truly takes a VILLAGE... Although we still need to keep the number of people in our building to a minimum, we have MANY things to accomplish and opportunities for families to be a part of “the magic”.

Please take a moment to complete this form (*we have something for EVERYONE to share in our year*) and **return to the Preschool Office by the end of the first week of school** so we can start the planning process. Thank you again for your support!
